Good afternoon, below is a ShareFile link with Plaintiffs' Trial Exhibits. Please see below notes.

Notes:

- Medical records – these are redacted for the most part, but we are doing one final review, and if we see any that need to be swapped, I will add it to the above link and let you know
- Exhibits 184-187 and 247 are the UL Standards and NFPA 921. Will supplement upon receipt.
- Exhibit 70 – this is the large CT scan file; we included a cover sheet and a link to the CT scans which all parties should already have access to (otherwise it will take days to upload).

Let me know if you have any questions or issues accessing the link above.
